

Charterhouse Announces New Job App

Charterhouse is delighted to announce the launch of the new Charterhouse ME App, featuring a quick and easy job application process for smart phones and tablets. The company is one of the first in the Middle East region to offer such an App making this yet another milestone for the specialist recruitment company.

As mobile phones and tablets play a major role in our lives, we are committed to enhancing our customers' experience and ensuring that we are at the forefront of recruitment, both in terms of performance and utilising technology. By launching this App, we are giving our candidates and clients 'real time' and 'on the move' opportunities that arise in the ME market.

The App has been designed by back9solutions.com who are a Dubai based mobile App design and development company that licenses functional and collaborative Apps to different business sectors. Established in 2014, their Vision is to be a global player in the delivery of evolving mobile technologies to their partners.

The App allows professionals to apply to jobs advertised on the Charterhouse website straight from their mobile device. Candidates can sign into the App using an existing LinkedIn account or email address and have the option of uploading their CV's via Google Drive, Dropbox, Evernote, Gmail, Box, OneDrive and Amazon Cloud Drive.

Features include:

- News updates
- Job search
- Simple and convenient Application process
- What's New

The Managing Director and the entire Management Team are proud to have another first, providing candidates with a convenient way to keep up-to-date with the latest, emerging, regional opportunities.

Download the App today, available in iOS and Android stores to become one of the many successful candidates who have taken the next step to a rewarding and prosperous career.
